New Custom Field

Help for this Page

Step 1. Choose the field type

Step 1

Next

Cancel

Specify the type of information that the custom field will contain.

Data Type

☒ None Selected

Errors: You must select a data type

☐ Auto Number

☐ Formula

☐ Roll-Up Summary

Select one of the data types below.

A system-generated sequence number that uses a display format you define. The number is automatically incremented for each new record.

A read-only field that derives its value from a formula expression you define. The formula field is updated when any of the source fields change.

A read-only field that displays the sum, minimum, or maximum value of a field in a related list or the record count of all records listed in a related list.
